

F. B. CATE REAL ESTATE AGENCY

In looking over our large list of real estate placed with us to be disposed of this coming spring, we find in order to dispose of the same, we must place a very low price on every piece we offer, and we have convinced the several owners that it is best to cut the price to the very lowest, so no matter what you want to buy you will find us a help to you.

If you are thinking of going on to a farm in the spring it is well to be looking for the right one and be ready to commence work as soon as the season is ready. We have a large number on our list and no doubt some one of them is just the one you want. Come in and look over our list of city property. Let us show you a sample of granite from a quarry we have listed with none better on the hill.

Our office is open evenings (except Thursday evenings) and our team is always ready to show you the property. Remember the place,

ABOUT THE STATE.

Items of Interest Gleaned from Our Exchanges.

The Burlington board of electric light commissioners agreed to elect C. W. Taggart of Middleton Springs as the municipal electric light superintendent. Mr. Taggart is a man well qualified for the position and comes to Burlington with excellent recommendations. He has lately been in charge of a 10,000 horse power steam plant which belongs to private parties. He will assume the duties of his office about April 2.

Because she did not understand the operation of a gasoline range, Miss Johanna Gleason of Bennington was badly burned about the face and neck Wednesday. Miss Gleason, who is employed by Mrs. A. M. Kinsman, started to turn down a gasoline stove but did not understand the operation of the range and turned the flame up. It flashed into her face, burning her eyebrows and hair, face and neck. A physician dressed the wounds, which are not considered serious.

An arithmetic over 160 years old is owned by Mrs. H. H. Waldo of Wallingford. It is called "The Schoolmasters Assistant," and four letters of recommendation which are printed on the first pages are dated 1743 and are interesting compositions. Mrs. Waldo also owns "The Book of Isaiah," by the late Robert South, D. D., Bishop of London, published in 1820 in Canandaigua, N. Y.; "Universal History, Sacred and Profane," a fourth edition corrected by the author, Frederick Butler, A. M., and covering events to the year 1832, and "Jonathan Edwards' Life and sermons," published in 1804.

The Burlington police arrested Jerome Demars Thursday on the charge of stealing two grips from the waiting room at the depot. The grips were the property of George W. Orvis, a sewing machine agent. One of them contained his tools and the other his clothing. They were taken one day about a month ago when he was waiting for his train, the grips being temporarily set down inside while Mr. Orvis went out. Only lately, however, the police found out who took the stuff, and today the man was arrested by Officer Rivers and both grips recovered. The clothing contained in one of them had been sold.

A disgraceful incident occurred at the union meeting held in the Congregational church a few evenings since, says the Hardwick Gazette. Two young men, aged about 17 or 18, came in rather late and were given seats in front, all others being taken. It was evident to those anywhere near the young men that they had been drinking. The two made no disturbance until the very last of the meeting. Then one, overcome by the warmth and the spiritual food he had taken, vomited good and plenty. No arrests were made, for which the young men have cause to feel thankful. To this fact also may be attributed the Gazette's withholding names. We have no wish to further publicly disgrace these two boys. They doubtless feel sad enough now. The worst thing in connection with the episode is that in lily white, no license Hardwick such boys can buy "booze."

FROM VERMONT STOCK.

One of Hamlin's Fast Stallions Was of Morgan Blood.

C. J. Hamlin was a born horseman and a great admirer of fine, fast trotting horses, says the American Horse Breeder. He was an excellent judge of horse stock, and had an eye for beauty and style as well as speed. Upwards of 40 years ago he founded the Village farm trotting breeding establishment at East Aurora, N. Y. He determined from the first to produce animals noted for both beauty and speed, and selected his foundation stock with this end in view. One of the first stallions that he kept for stock purposes was Hamlin Patehen, a horse bred by himself, got by the famous George M. Patehen (2:23 1-2) and from Mag Addison, an animal that was strongly inbred to Vermont Black Hawk.

Mag Addison was by Addison, a son of Vermont Black Hawk. Her dam was by Sherman Black Hawk, another son of Vermont Black Hawk, and her second dam, Belle of Saratoga, (2:29) was by Vermont Black Hawk. She was also his fastest daughter by the records. Most of the very fast trotters that Mr. Hamlin bred and raised were from mares that were descendants of Hamlin Patehen. Among them were The Abbot (2:23 1-4), The Monk (2:05 3-4), Lord Derby (2:05 3-4), Fantasy (2:06) and Dave Devil (2:09).

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundance.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.
